OBJECTIVE AND SCOPE

Hut 8 Mining Corp. (the “**Corporation**”) is of the view that candidate selection for election to the board of directors of the Corporation (the “**Board**”) and appointment as senior management (“**Management**”) should be based on merit and the Corporation remains committed to selecting highly qualified candidates to the Board and Management. At the same time, the Corporation recognizes the importance of diversity amongst the Board and Management to create a diverse culture with multiple perspectives, experience and expertise.

In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation’s success. The Corporation considers Board and Management diversity to be crucial for the Corporation’s long-term growth and sustainability.

GENERAL PRINCIPLES

The Corporation believes that diversity enriches discussions and enhances decision-making among directors of the Board (“**Directors**”) and members of Management (“**Officers**”) and better reflects the Corporation’s relationship with all of its stakeholders. The Corporation values all aspects of diversity, including gender, age, ethnicity, disability, Aboriginal status, visible minority status, and geographical background. To ensure sound corporate governance, the Governance and Compensation Committee (the “**Committee**”) is guided by the following principles in recommending candidates to join the Board and Management, respectively:

- an intention that the Board and Management are composed of individuals who possess extensive knowledge, skills and competencies, diverse points of view, and relevant expertise, enabling them to make an active, informed and positive contribution to the operation and oversight of the Corporation, the conduct of its business and its future development;
- seeking a balance in terms of the knowledge and competencies of Directors and Officers to help the Board and Management fulfil their respective responsibilities and contribute to the management and governance of the Corporation; and
- to the extent practicable, in seeking new Directors and Officers, considering diversity criteria, including: gender, age, ethnicity, disability, Aboriginal status, visible minority status, geographical background and other characteristics of the communities in which the Corporation conducts its business, as determined by the Committee from time-to-time.

In reviewing Board composition, the Committee considers the benefits of all aspects of diversity, including gender, age, ethnicity, disability, Aboriginal status, visible minority status and geographical background of each candidate, in order to enable the Board to discharge its duties and responsibilities effectively. Board

appointment recommendations look to highly qualified individuals based on their experience, education, expertise, personal qualities, and general business and sector specific knowledge.

In identifying suitable candidates for appointment to the Board, the Committee considers candidates on merit against objective criteria as described above and with due regard for the benefits of diversity on the Board.

When identifying potential candidates for the Board, the Committee considers the selection criteria approved by the Board, as well as its analysis of the Board's needs based on the above criteria. These selection criteria are reviewed periodically.
